Heal Rough, Red & Cracked Paws Almost Instantly

(...without making a mess on your floor or furniture!)

Dear Dog Mom,

- Have you been going to the vet **too many times** this year and your dog's paws are still cracked and dry?
- Does walking on **hot concrete, snow, or salty roads** dry out and irritate your dog's paws?
- Are you worried about your dog's hot spots and rashes and you can't find anything else to **help ease the itch?**

Then this healing balm is the answer you've been looking for.

Hi, I'm Leo Roux, co-founder of Petsmont and a professional dog coach who's **helped thousands of dog moms.**

I've got an amazing healing balm for you called **Touch & Heal™.**

I know that your beloved dog is suffering from dry, cracked paws.

Most dog owners use home remedies such as vaseline, bag balm, or socks to protect their pup's paws.

Unfortunately, **many realize the messy side effects and costly vet visits too late.**

In the meantime, their poor furry friends **feel worse and their paws and skin are left dry** and irritated.

Even when they manage to avoid some of the side effects, **these home remedies do not actually soothe and moisturize paws.**

That's why we created our breakthrough Touch and Heal™ balm.

It makes it easy for you to heal your dog's dry paws and irritated skin, so you can have the **healthiest** and **happiest** dog possible!

At this point you might be thinking:

"This sounds great, but there's gotta be a catch, right?"

There's no catch!

I'm doing this because I want to help as many dogs as I can and because once you see the great results for yourself, **I know you'll be a customer for life.**

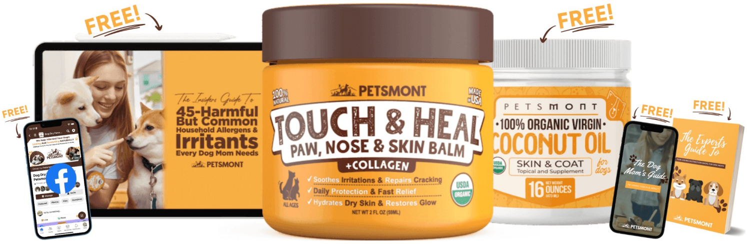
All you need to do is grab your balm and **you can get started right away** (even if it's 2:00 a.m. in the morning!)

Now, this healing balm offer can't last forever... **so don't wait!**

And, if for any reason you don't love it, **I'll refund your money** and you can still keep the healing balm and get value from it in the future.

Here's what you're going to get right now with the "Touch & Heal™" healing balm:

Act NOW And Get:



- ✓ **1x Petsmont Touch & Heal™ 2-oz ($24.95 Value)**
- ✓ **FREE BONUS #1: 1x Petsmont Dream Coat™ Organic Coconut Oil For Dogs ($24.95 Value)**

5 Healing Benefits Of Petsmont

Touch & Heal™

Moisturizes Paws

Petsmont Touch & Heal™ is formulated with USDA organic plant butters that deeply moisturize paws and deliver a shine that will give dogs the healthiest paws on the block.

Relieves Pain

Our balm contains potent herbal leaf extracts that create an almost-instant cooling effect and relieve any pain your pup is feeling.

Soothes Skin

Packed with fatty acids bring generous antifungal, antibacterial, and antiviral properties, our organic balm soothers your dog's skin so hot spots, dry paws, and itchy skin become a problem of the past.

Supports Healing

Protects Paws & Skin

Petsmont Touch & Heal™ contains certified organic oils that nourish dogs' epidermal cells from the deepest level, ensuring that new baby cells can mature, travel to the surface, and gives your dog brand new, healthy skin.

The organic raw ingredients in our formula form a natural barrier on the paws and skin surface, protecting them from environmental irritants and harsh weather, so your dog can safely enjoy the outdoors, all year round.

What's Inside Petsmont Touch & Heal™?

8 natural and organic super ingredients formulated to work together to help heal your dog's paws and skin anywhere, anytime!

Organic Shea Butter

Shea Butter is high in fatty acids which **help restore the skin moisture and barrier to prevent future dryness.** It's fast to absorb and doesn't make the skin oily which means our balm won't make a mess on floors and furniture.

Organic Coconut Oil

Coconut Oil helps prevent and treat skin rashes. It also provides antibacterial and antifungal properties which protect your pup from infections and inflammation.

Organic Beeswax

Beeswax forms a **natural barrier on skin to protect your pup from environmental allergens**, hot concrete, and salty roads. It also brings skin-softening properties so your dog can enjoy puppy paws & skin again.

Organic Olive Oil

Olive Oil is packed with vitamins, fats, and antioxidants which all **contribute to healthier skin and promote wound healing.**

Organic Jojoba Oil

Jojoba Oil naturally comes with antioxidants that **help dogs' skin fight oxidative stress** caused by everyday exposure to pollutants and other other toxins.

Organic Aloe Vera

Aloe Vera contains aloin and anthraquinones which **help soothe burns from daily walks** on hot concrete and icy roads.

Tocopherols (Vitamin E)

Tocopherols are natural and part of the Vitamin E family. They **help preserve the oils in our balm** and more importantly contribute to healthy skin & coat.

Organic Plant-Based Collagen

Collagen promotes glossy fur and soft skin. It also **promotes hair growth for patches of hair loss dogs have on their body from scratches.**

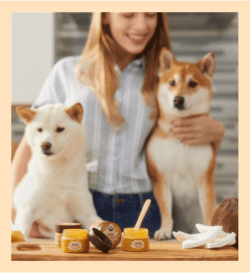
How Does Petsmont Touch & Heal™ Work?

Open. Touch. Heal!



STEP 1

OPEN

STEP 2

TOUCH

STEP 3

HEAL!

Gently open our sealed jar from the comfort of your home, car, or outside during the daily walk.

Grab a generous amount of balm with your fingertips and warm it up in the palm of your hand. Then, apply to any affected area: paws, nose, elbows, belly, etc.

Let the balm work its healing magic and watch your dog's paws and skin heal almost instantly.

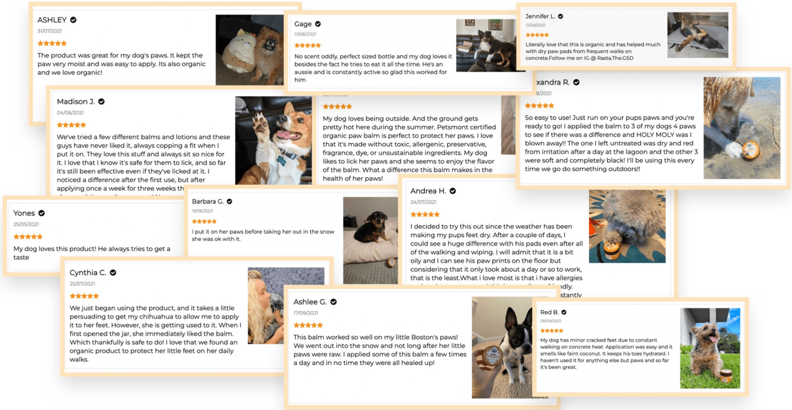
This Balm Saves REAL Paws!

These dog owners are healing their dog's paws and skin (and now you can, too!)



ASHLEY ✓
31/07/2021
★★★★★
The product was great for my dog's paws. It kept the paw very moist and was easy to apply. Its also organic and we love organic!

Gage ✓
11/08/2021
★★★★★
No scent oddly, perfect sized bottle and my dog loves it besides the fact he tries to eat it all the time. He's an aussie and is constantly active so glad this worked for him

Jennifer L. ✓
12/08/2021
★★★★★
Literally love that this is organic and has helped much with dry paw pads from frequent walks on concrete.Follow me on IG @ Rasta.The.GSD

Madison J. ✓
04/06/2021
★★★★★
We've tried a few different balms and lotions and these guys have never liked it, always copping a fit when I put it on. They love this stuff and always sit so nice for it. I love that I know it's safe for them to lick, and so far it's still been effective even if they've licked at it. I noticed a difference after the first use, but after applying once a week for three weeks th

★★★★★
My dog loves being outside. And the ground gets pretty hot here during the summer. Petsmont certified organic paw balm is perfect to protect her paws. I love that it's made without toxic, allergenic, preservative, fragrance, dye, or unsustainable ingredients. My dog likes to lick her paws and she seems to enjoy the flavor of the balm. What a difference this balm makes in the health of her paws!

xandra R. ✓
8/2021
★★★★★
So easy to use! Just run on your pups paws and you're ready to go! I applied the balm to 3 of my dogs 4 paws to see if there was a difference and HOLY MOLY was I blown away!! The one I left untreated was dry and red from irritation after a day at the lagoon and the other 3 were soft and completely black! I'll be using this every time we go do something outdoors!!

Yones ✓
25/05/2021
★★★★★
My dog loves this product! He always tries to get a taste

Barbara G. ✓
19/06/2021
★★★★★
I put it on her paws before taking her out in the snow she was ok with it.

Andrea H. ✓
24/07/2021
★★★★★
I decided to try this out since the weather has been making my pups feet dry. After a couple of days, I could see a huge difference with his pads even after all of the walking and wiping. I will admit that it is a bit oily and I can see his paw prints on the floor but considering that it only took about a day or so to work, that is the least.What i love most is that i have allergies

Cynthia C. ✓
25/07/2021
★★★★★
We just began using the product, and it takes a little persuading to get my chihuahua to allow me to apply it to her feet. However, she is getting used to it. When I first opened the jar, she immediately liked the balm. Which thankfully is safe to do! I love that we found an organic product to protect her little feet on her daily walks.

Ashlee G. ✓
17/09/2021
★★★★★
This balm worked so well on my little Boston's paws! We went out into the snow and not long after her little paws were raw. I applied some of this balm a few times a day and in no time they were all healed up!

Red B. ✓
08/09/2021
★★★★★
My dog has minor cracked feet due to constant walking on concrete heat. Application was easy and it smells like faint coconut. It keeps his toes hydrated. I haven't used it for anything else but paws and so far it's been great.
